EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

THE OPPORTUNITY

Sixteen 17th Street represents a world-class opportunity to develop a fully-entitled, office project in the Miraflores neighborhood of Anytown.

OVERVIEW

East Lang Ellis, as Exclusive Advisor to the Seller, is pleased to present the opportunity to acquire the 100% fee simple interest and associated development rights to Sixteen 17th Street, (the "Property"), a prominent ± 0.52-acre office development opportunity located in Miraflores, one block from the CBD. Situated on the corner of Pine and 17th Streets. The Property provides the irreplaceable opportunity to develop a fifteen story office tower, with below grade parking. Sixteen 17th Street is surrounded by transit, local amenities, parks, public open spaces, and is footsteps from the space constrained CBD. Tenants will enjoy direct access to the 17th Street ATA Subway line, 4 stops from Suburb Station, connecting to the regional ATA rail line as well as a multitude of transportation options. The Miraflores neighborhood offers prospective tenants a myriad of local restaurants, bars, cafes and nightlife.

LOCATION OVERVIEW

MIRAFLORES NEIGHBORHOOD

The Miraflores neighborhood, roughly bounded by Spruce Street to the north, 11th Street to the east, Bainbridge Street to the south, and 18th Street to the west, is a diverse neighborhood on the southern edge of Center City. The Miraflores neighborhood is storied in rich history dating back to the early 1700's. Today, the area has rapidly emerged as one of the City's most exciting primarily residential and retail neighborhoods as an abundance of residential developments and retail and restaurant expansions are serving to transform the historically quiet neighborhood to a bustling, centrally located community adjacent to the CBD.

The future of Miraflores is envisioned as a 24/7 neighborhood – reconnecting and intermixing uses with the lively community of residents, workers, and artists.

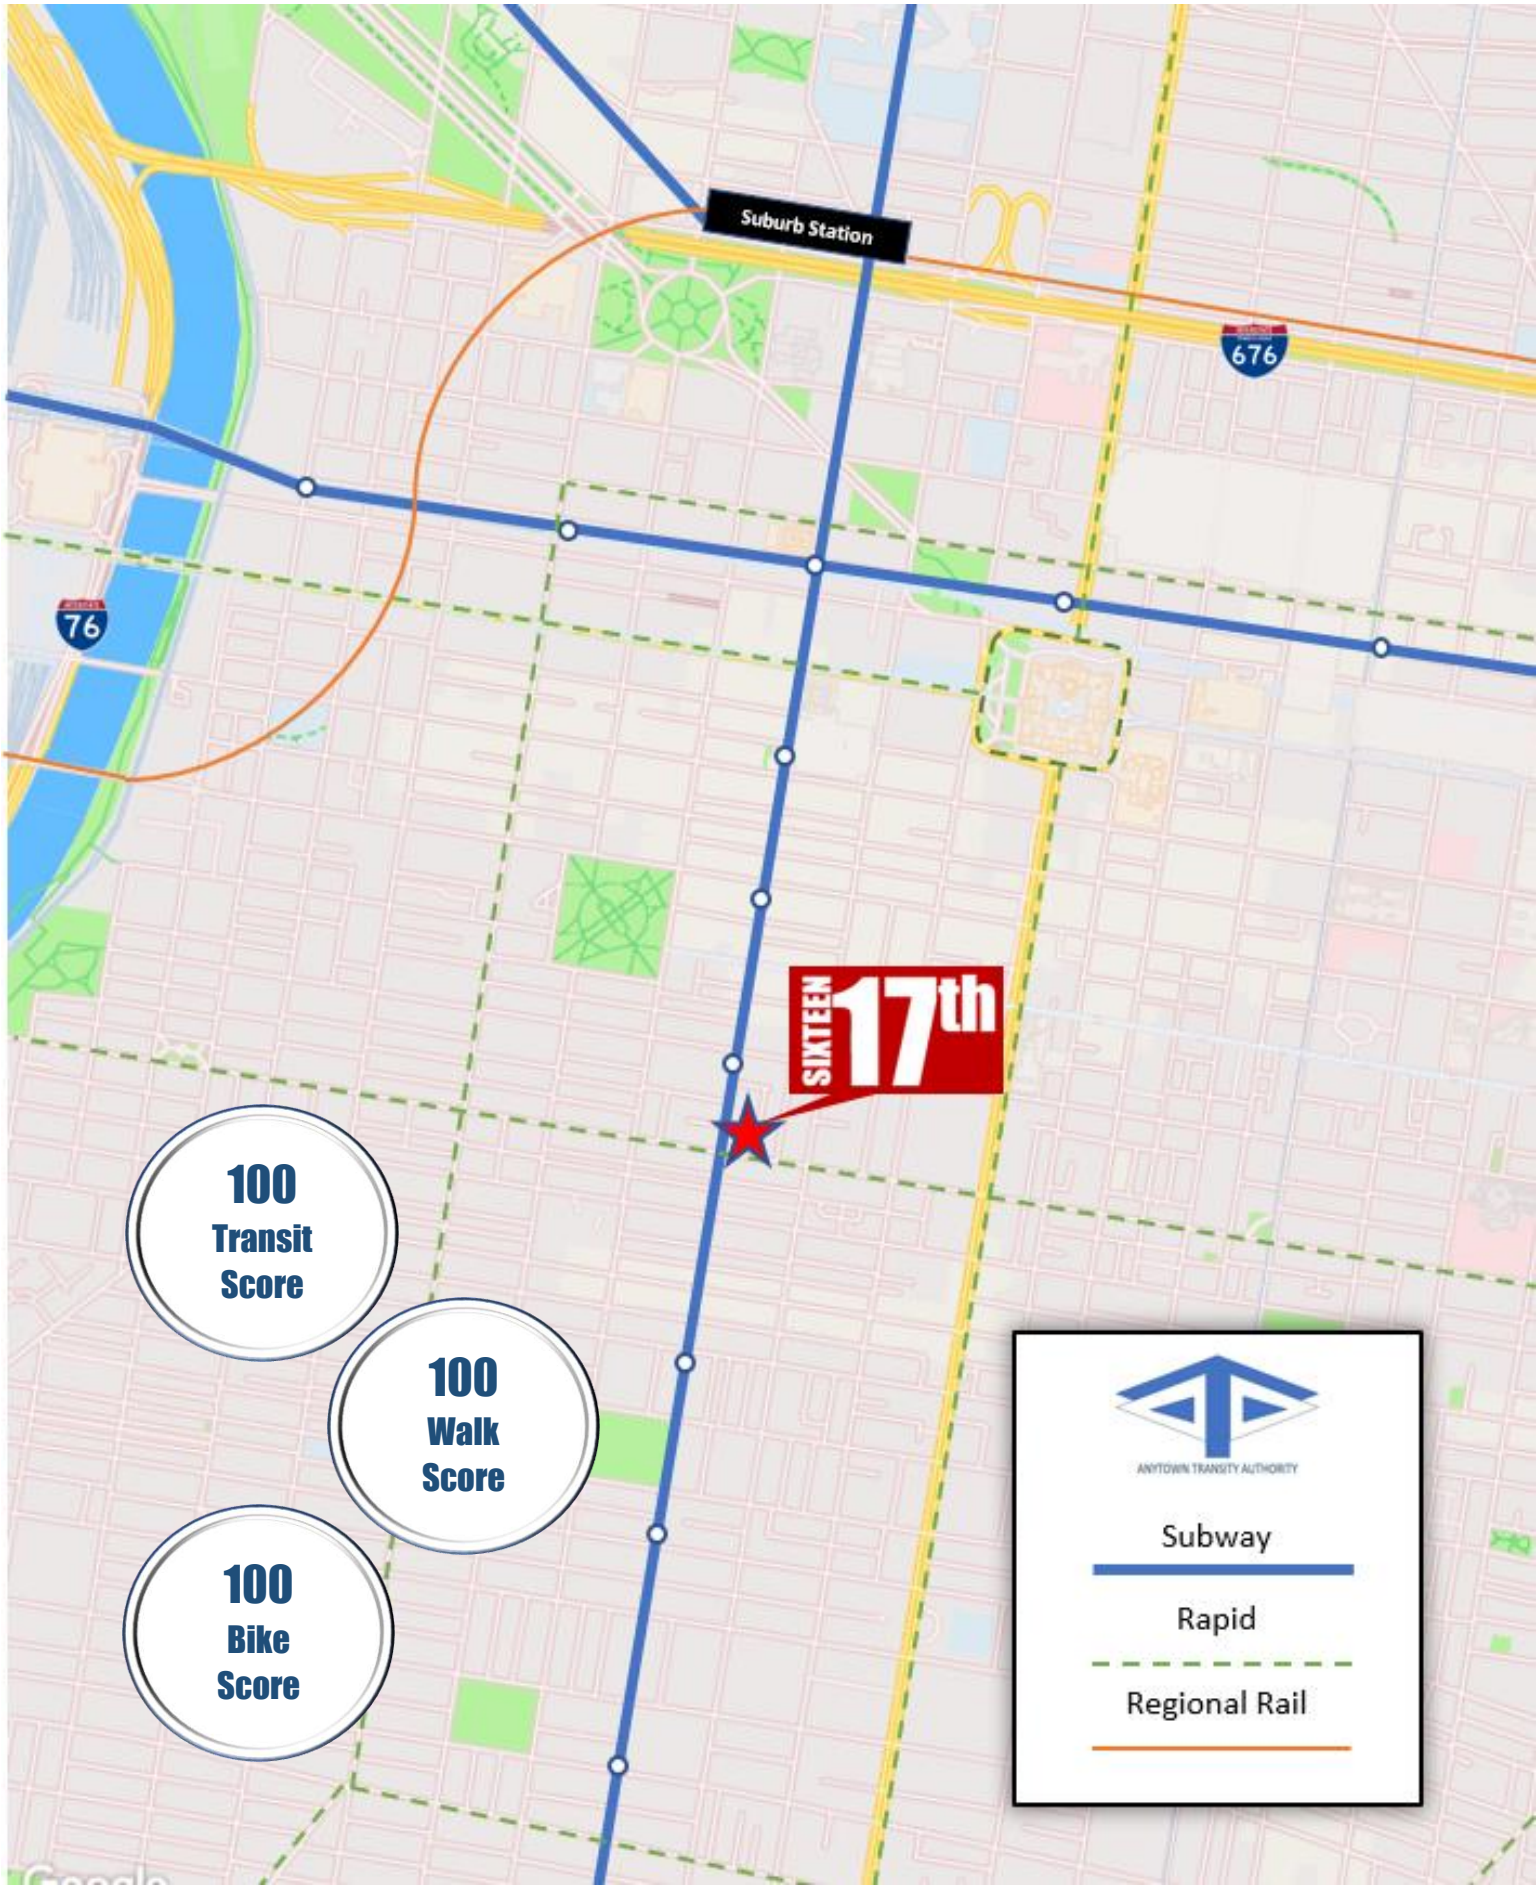

Highlights

- Extremely limited office space with no Class A space in the neighborhood.
- Retail, restaurants, and brewery concepts continue to flock to the neighborhood
- 1 block south of Center City, Direct access to public transit offering local & regional connectivity

CENTER CITY NEIGHBORHOOD

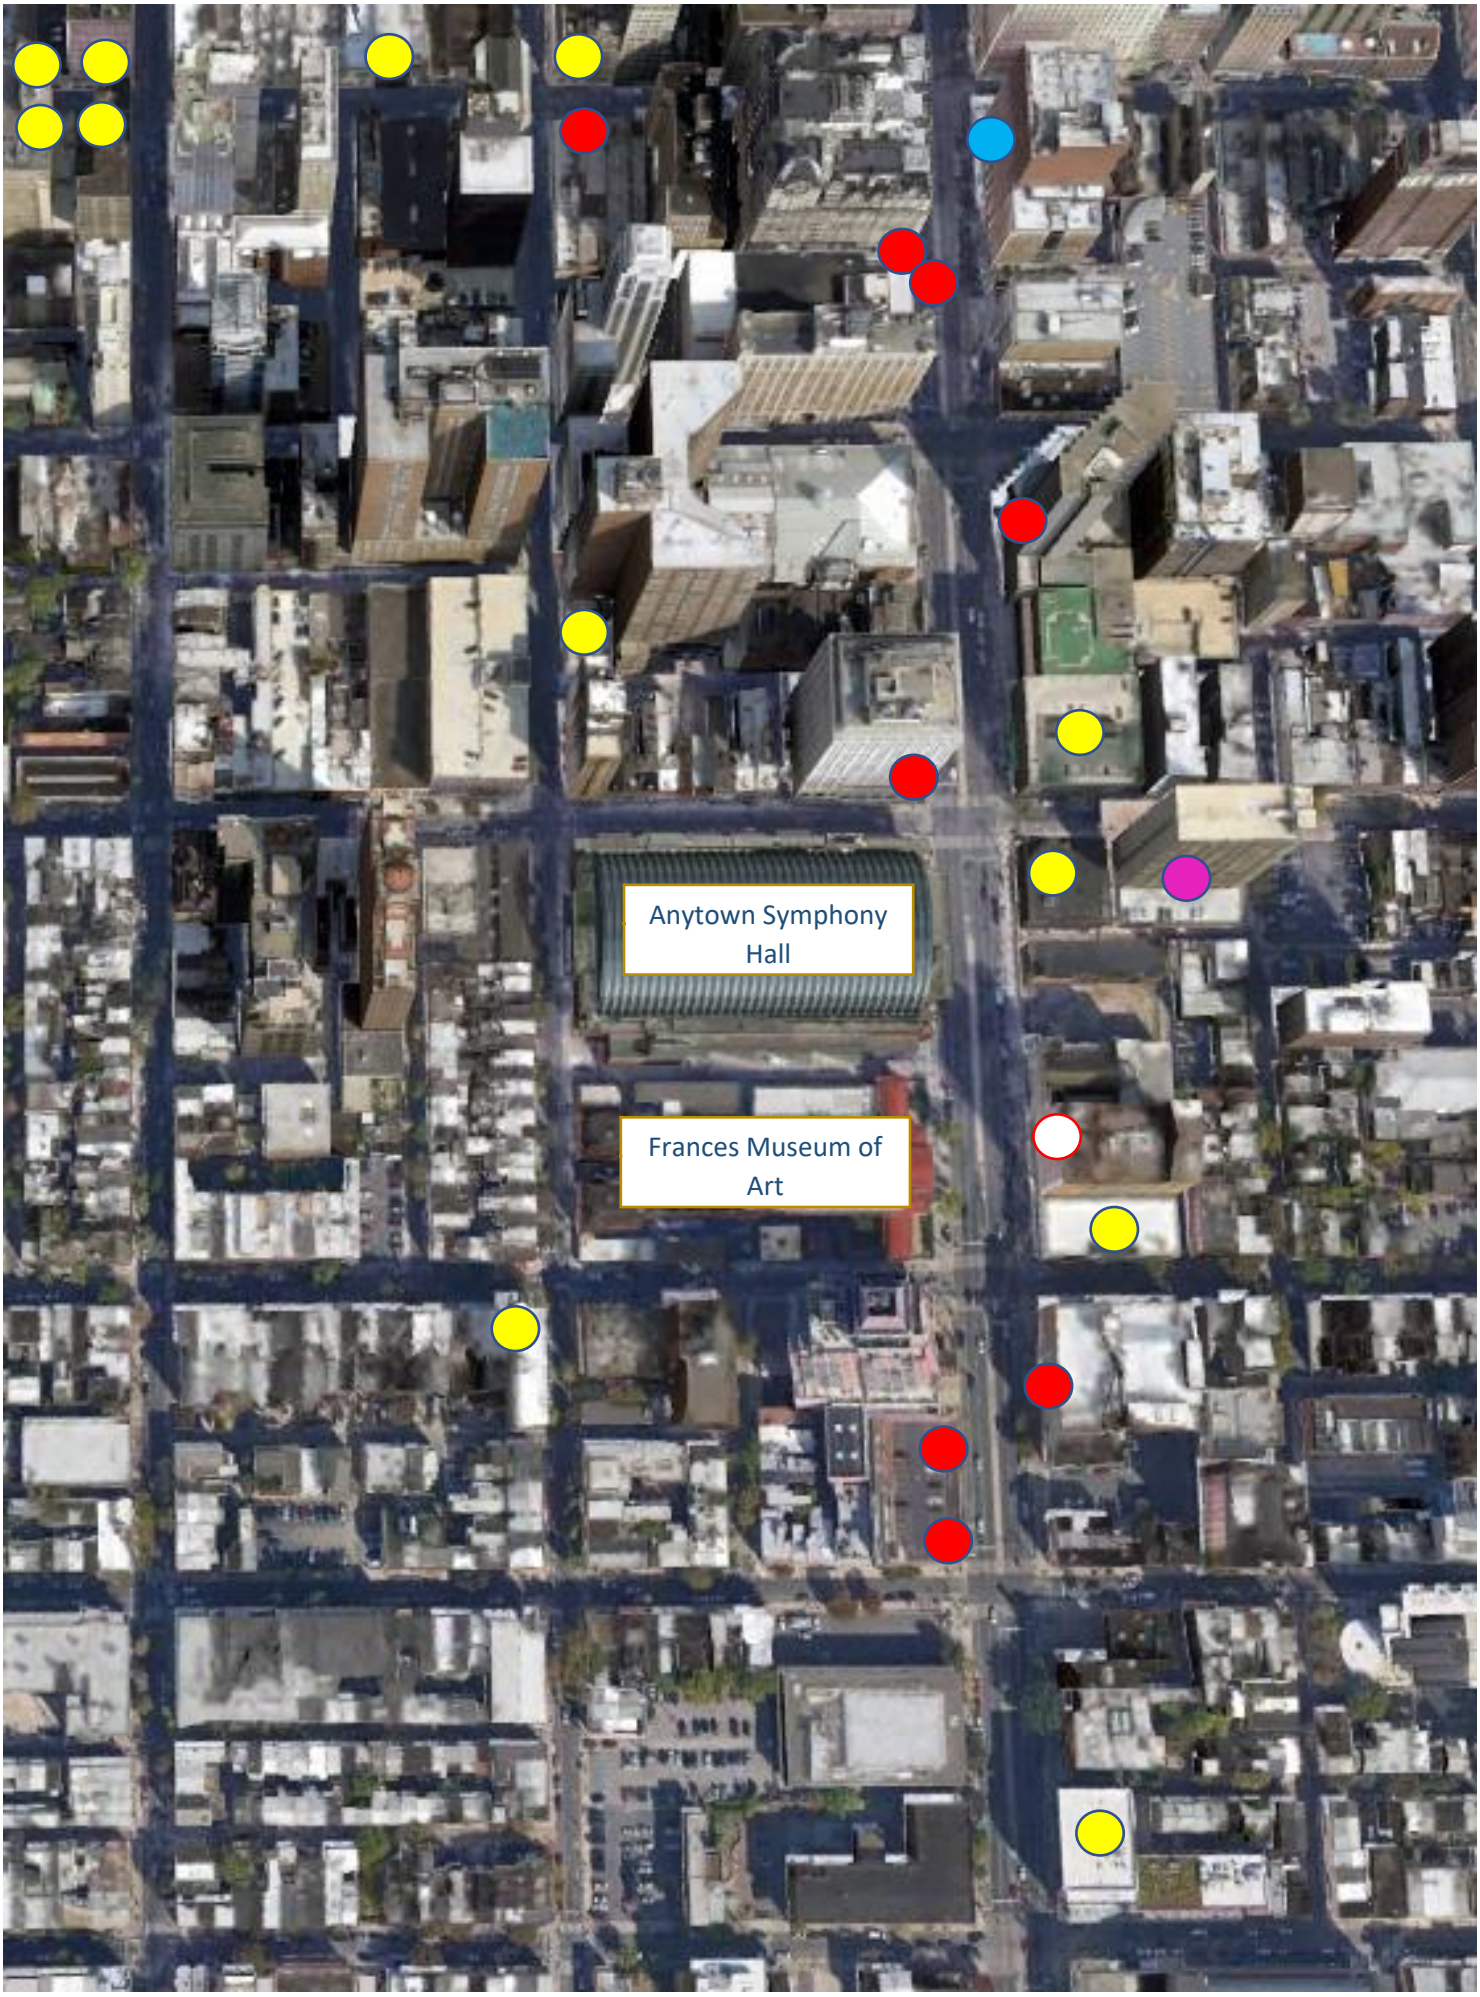

Mere footsteps from the Project Site, Center City is a dynamic live-work-play environment. Shaped by high office occupancy with 400,000± workers, world class universities, a burgeoning retail market, rapidly growing residential population, and the growth in tourism and conventions; Center City now generates high volumes of pedestrians on the streets day and night.

MARKET OVERVIEW

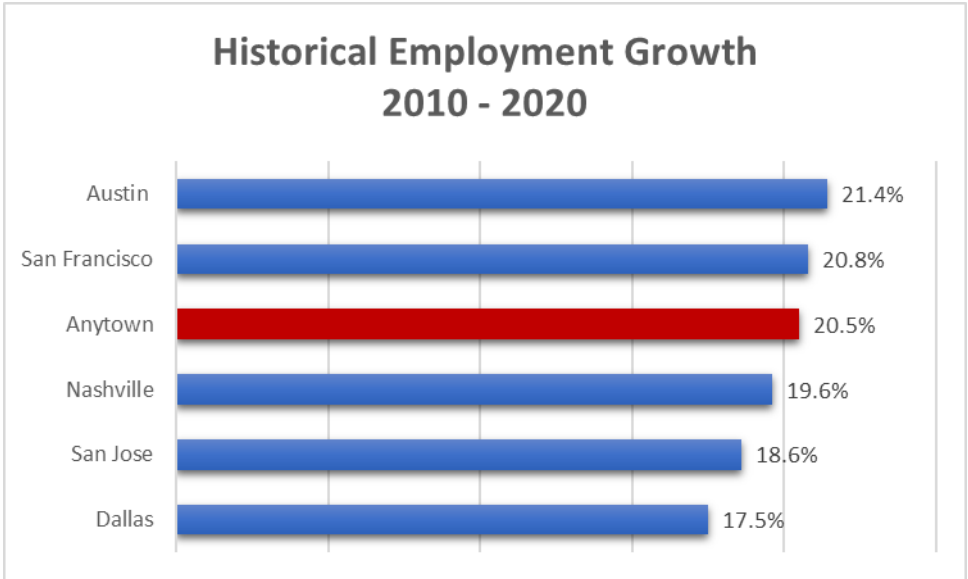

ANYTOWN –WORLD CLASS GATEWAY MARKET CENTERED AROUND TECH AND EDS & MEDS

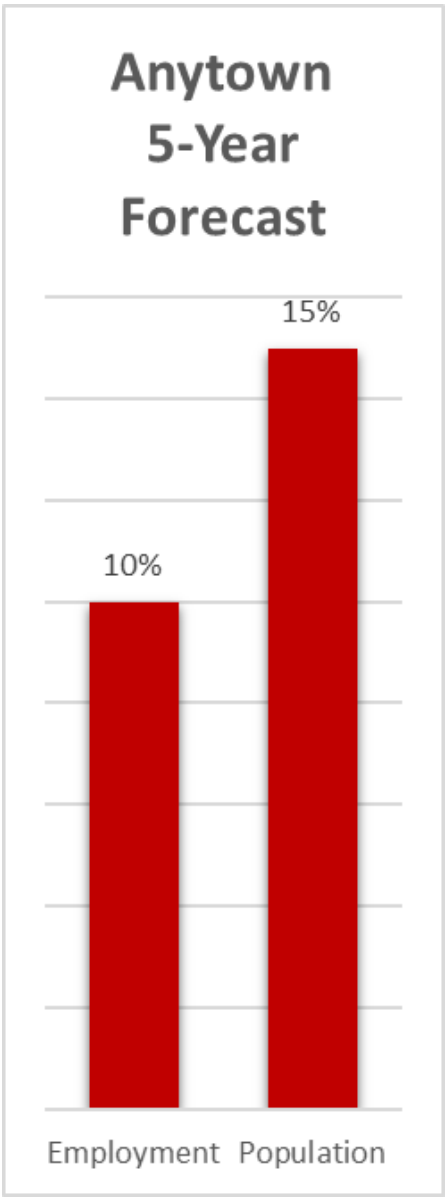

Anytown is perpetually ranked among the top real estate markets in the U.S. due to its diverse economic base, high concentration of Fortune 500 firms, access to intellectual capital, and its unmatched quality of life. Anytown is a major hub for technology and a center for higher education and medical facilities ("eds & meds"). As a result, the City of Anytown has seen office rents hit new records, market-wide hotel occupancy has reached above 80%, and unemployment has fallen to 3.0%.

POPULATION & EMPLOYMENT

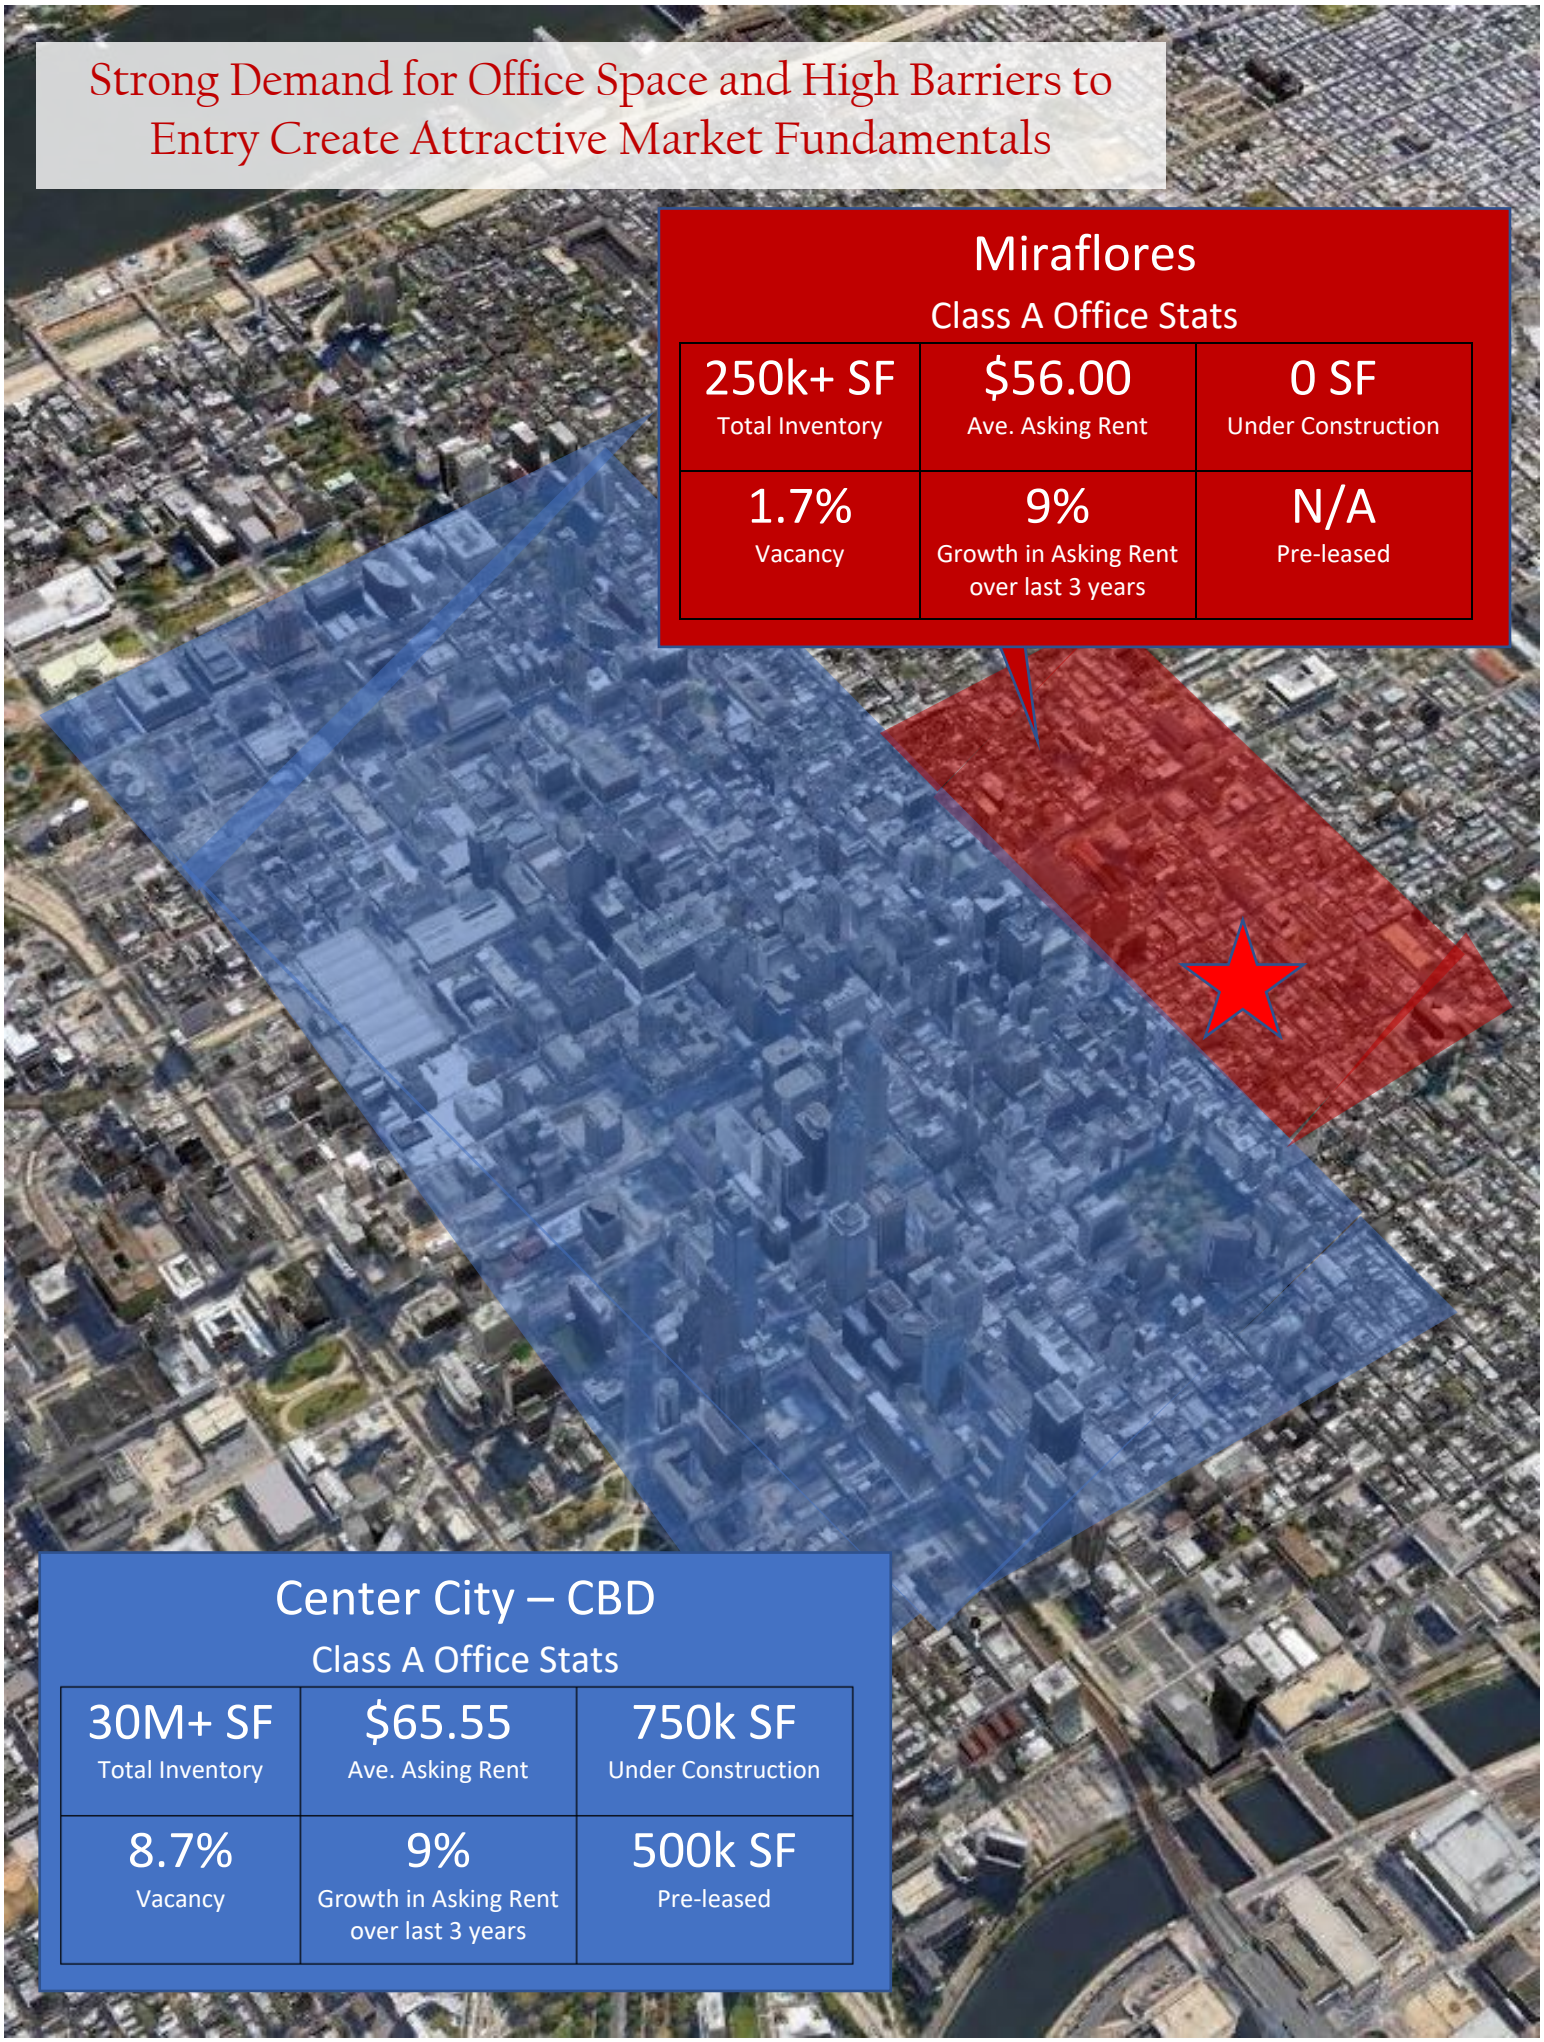

Third fastest growing U.S. city in terms of population and employment at 15.0% and 20.5%, respectively, since 2010

Strong Demand for Office Space and High Barriers to Entry Create Attractive Market Fundamentals
